

### SOLAR DEFINITIONS:

**SMART:** Solar Massachusetts Renewable Target; a monthly incentive program that pays you money for the energy you produce. For a more detailed explanation go to [www.bostonsolar.us/blog/get-smart-about-smart](http://www.bostonsolar.us/blog/get-smart-about-smart).

**PTO:** Permission to Operate or when the electric utility has granted Boston Solar permission to turn your solar system on

**kWh:** kilowatt-hour or one unit of electricity/consumption equal to 1,000 watts over one hour

**Commissioning:** when your solar system is tested, energized and verified by our solar commissioner
